Commerce Decisions AWARD®

AWARD® AND JAGGAER, BETTER TOGETHER

JAGGAER runs the process. AWARD® secures the decision.

Keep the sourcing platform your teams rely on. Add AWARD®, the specialist in complex procurement decisions, and take every award from shortlist to a decision you can stand behind.

JAGGAER

Manages procurement processes and transactions

Sourcing, supplier management, contracts and Source-to-Pay.

AWARD®

Manages procurement decisions

The specialist in procurement design, complex evaluation, stakeholder alignment, value for money and decision assurance.

An official JAGGAER integration

AWARD® plugs into your existing eSourcing platform. There is nothing to replace.

WHAT YOUR TEAM GAINS

Awards that stand up to challenge

An extensive audit trail captures every score and justification, giving you a strong defence in governance reviews, audit and challenge.

A panel that moves as one

Guided evaluators, consensus scoring and moderation turn individual views into one aligned, well-evidenced decision.

Value for money you can prove

Advanced sensitivity and trade-off analysis, with our Relative Advantage methodology, show clearly why the winning bid is the right one.

Debriefs ready when you are

Advanced automated debrief and bidder feedback reports, plus executive and award recommendation reports, keep everyone informed.

Built for complex, high-risk procurement

Public sector, defence and major infrastructure, backed by 25 years of expertise and advisory support.

See how AWARD® fits alongside your JAGGAER platform

Commerce Decisions AWARD®

AWARD® AND JAGGAER, SIDE BY SIDE

Two specialists. One complete procurement picture.

JAGGAER excels at sourcing and Source-to-Pay. AWARD® excels where the decision carries the risk.

	JAGGAER	AWARD®
Strongest at	Sourcing, supplier management, contract lifecycle, guided buying and spend analytics.	Procurement design, complex tender evaluation, stakeholder alignment and decision assurance.
Designing the procurement	RFI, RFP and RFQ creation, eTendering and bid collection.	Requirements workshops, criteria, weighting and award planning, agreed with stakeholders up front.
Evaluating bids	Evaluation within the wider sourcing workflow.	Native evaluation with guided evaluators, consensus scoring and moderation. A core strength.
Value for money	Strong bid optimisation, with award scenario modelling across constraints, logistics and capacity.	Value for Money methodology, advanced sensitivity analysis and Relative Advantage.
Assurance and audit	Standard audit trail and evaluation history.	Extensive audit trail, decision traceability, audit readiness and strong challenge defence.
Reporting and debriefs	Real-time evaluation reporting.	Advanced automated debriefs and bidder feedback, plus governance and executive reports.
Beyond the platform	Procurement automation, supplier network and supply chain collaboration.	Embedded procurement expertise and advisory support, backed by 25 years of experience.

An official JAGGAER integration

AWARD® plugs into your existing eSourcing platform, so there is nothing to replace. Keep JAGGAER for the process, add AWARD® for the decisions that carry the risk.
